

MYSTERY AT SHELBYVILLE

**Woman Found Dead in Bed
With Bullet in Her
Brain**

**Yet Her Husband, Who Occupied
an Adjoining Room, Says He
Heard No Shot.**

Mystery surrounds the death of Mrs. Laura Ayres, aged 50 years, who was found dead in bed at her home in Shelbyville, Sunday morning, with a bullet in her brain. Charles J. Ayres, her husband, says he believes she shot herself, but he says he heard no shot. Ayres occupied an adjoining room, but the door between was open. There was no evidence of a struggle. The revolver lay on the floor nearby. Ayres' bed was not more than 12 feet from his wife's but he says he did not know she had been harmed until he went to her room at 6:45 o'clock to see why she was not up.

Mrs. Mary Armbruster, of whom Ayres rents the rooms, says she heard a report in the night, but made no investigation, thinking it had been caused by a bursting fruit can.

Coroner Bass, of Shelby county, is investigating. The authorities were informed by a business man that Mrs. Ayres had told him she planned to sue for divorce. She accused her husband of having squandered her money. Mrs. Armbruster told Prosecutor Bassett that she had heard Ayres and his wife quarrel over money matters. Ayres was the woman's second husband.

Prosecutor Bassett and Coroner Bass will hold a court of inquiry Tuesday.

Mrs. Ayres before her marriage, about six years ago, was Miss Laura Sorden, a member of one of Shelby county's wealthiest and most prominent families. The dead woman met Ayres in Kokomo, while visiting in that city. He was at that time a widower and a resident of Greentown.

FINED FOR DRUNKENNESS

**Amos Smith and John Sawyer
Arrested by Police
man Pea**

John Sawyer, colored, and Amos Smith, white, were before Mayor Cowing this morning on the charge of drunkenness, and were each fined \$5 and costs, and given 5 days in jail. Both entered pleas of guilty and both were arrested by Policeman Pea. Smith was arrested on Second street, and Sawyer was taken into custody on First street. Both men lay in jail over Sunday and went back to jail this morning.

ANOTHER FIGHT OVER POOL GAME

**John Spacy and Elmer Murphy
Mix in Offutt's
Saloon**

Marshal Price, while passing William Offutt's saloon about 5:30 o'clock Saturday evening, was attracted by the sound of fighting inside. Running into the saloon he found John Spacy and Elmer Murphy pounding one another to a finish. Spacy was on his knees, but rose and began to strike at Murphy. The trouble started over a game of pool. Both men will be arrested.

COAL MEN SMILE

**Ice Man's Cinch is Loosening
and He Will Soon Take
a Back Seat**

The terrible grip of the ice tongs that the ice trust has had fastened on the people is lessening, and within the next few weeks, the familiar feeling of oppression of pocket books, due to ice bills settled, will be supplanted by the ennui because of coal bills due. Then, no more, not until next summer, anyway, will the ice wagon driver be able to come into the house like the prodigal son and feed on the fat of the land out of the ice chest while he is putting in the day's refrigerating material.

But the coal man will get you. The coal men and the stove dealers have been alternating recently between getting in a new stock and abusing the weather. One stove dealer said that the weather did not even give him a show for his money. But cold weather is coming.

STRUCK BY A LOCOMOTIVE

**Galimore Boys Have Narrow Es-
cape Near Rays
Crossing.**

Sylvia Galimore, fourteen year old son of Jesse Galimore, who lives near Rays Crossing, narrowly escaped death Saturday morning. He was driving a horse and covered buggy, and when crossing the Pennsylvania track three miles east of Shelbyville, a south-bound passenger train struck them, killing the horse and knocking the buggy into kindling wood. The boy was thrown twenty feet from the road and struck against a telephone pole.

That young Galimore escaped with his life is a miracle and the wonder of the engineer and fireman, who, seeing their engine bear down upon him, were unable to stop. They thought him dead when they went back and picked him up, his head and face covered with blood and his limbs limp and lifeless. But he soon recovered his senses and feebly asked for water. Putting the injured boy in the baggage car, they took him to Shelbyville, where Dr. T. C. Kennedy dressed his injuries. No bones were broken, but a great gash was cut in the top of his head laying open the skull for several inches. He is thought to have been injured internally.

Young Galimore was on his way to Shelbyville to buy school books. He knew that the passenger train was about due, but a cornfield hides the view from the road at the crossing and the driver of a vehicle can not see the approach of a train until he is almost on the tracks. If the train whistled he did not hear it, he says.

The accident occurred about 9:40 o'clock. The train is due in Shelbyville at 9:51 and when it struck Galimore it was running at high speed, being a few minutes late and making up time.

TELEPHONE CO. IS EXPANDING

**Business Approaching Point
Where New Switch Board
Must be Purchased**

The following new telephones were installed by the Rushville Co operative Telephone Company.
227 Republican Headquarters.
320 Louis Neutzenheltzer, residence.
349 J. B. Morris, residence.
629 C. M. Cartmel, residence.
630 Geo. B. Moore, residence.
637 Jesse Vance, residence.
638 Eva Billings, residence.
639 Chas. Myres, residence.

The business has reached a point where the Company will be forced to purchase a new switch board and enlarge the plant within a short time. Recently a new section was added to the switch board. There are but 26 drops left in this section and there is no room for another section.

Ninety new phones have been installed by the Company since Apr 1st.

IMPROVEMENT ASSOCIATION

**Will Hold Important Meeting
Tonight at Sheriff's
Office**

**Association to Consider Propo-
sition of Charles E. Fran-
cis & Brothers**

The Rushville Improvement Association has received the following proposition from Charles E. Francis & Brother, of Cincinnati, offering to locate their factory here:

"If the Association can give us the site in question, secure a railway switch into our plant without cost to us, and donate \$5000 to part pay for buildings that we will be compelled to erect on the ground, we will arrange to move to Rushville. Our intention in moving to Rushville is to make a permanent place of it and also to enable us to largely increase our place of business."

The Improvement Association made the following counter proposition to the firm on October 5th:

"Your favor of the 3d inst., submitting proposition received and noted. Replying have to say that your proposition is a little too stiff for us. However, have to say that we have decided to offer you ground for your factory, \$3750 in cash, provided we can raise this amount and any assistance we can render in the way of securing the desired switch."

The Association received the following reply to their counter proposition: "Cincinnati, O., Oct. 6, 1906. The Rushville Improvement Association, Rushville, Ind.

Gentlemen:—We are in receipt of your favor of the 5th, and carefully note contents of same. In reply will say that we took everything into consideration before we wrote you the letter we did. We have carefully weighed all points in connection with this matter and feel that the proposition we made you is even better than we should have made if there were no other conditions to be considered. We have a very favorable proposition, in fact, considerably better than this proposition that we offered to accept from you, and we do not feel that we are asking anything out of the way in the matter, as we would likely be compelled to spend in the neighborhood of \$20,000 on the buildings and plant in addition to the equipment we now have at this place, before we would have the plant completed, and under the circumstances we think that \$5000 asked for is not out of the way. We do not want the money, but only asked that it be raised to aid in the payment for permanent buildings. The one building we sent plans for is only a portion of it. In addition we will need storage room, a wood working department and also a complete power plant.

"In the other offer we have we would get this entire equipment at a smaller outlay than \$10,000. It is only that we preferred your location to the other one that induced us to make this offer. If you cannot see your way clear to meet our proposition, we must consider our interests first, and the other proposition being so much better, we will feel that it is our duty to accept it.

"We will wait before taking any further action to learn if your decision is final. This we think we should have not later than the 10th.

Yours truly,
CHAS. E. FRANCIS & BRO.
P. S.—We are ready to make a deposit of a reasonable sum with your bank as a guarantee of good faith on our part if you should conclude to accept our offer."

The association asks that every citizen who is interested in the welfare of Rushville attend a mass meeting at the sheriff's office at eight o'clock this evening (Monday, Oct. 8th) in order that the Association may be able to act on this proposition without further delay. It is the duty of every good citizen in Rushville to attend this meeting and give the Association their assistance in the matter of booming Rushville.

The citizens of Rushville may never have a chance to secure another factory the equal of this one and it behooves them to turn out at tonight's meeting of the Improvement Association and aid in swelling the fund and making the other arrangements for the location of the factory in Rushville.

If it is located here it will be one of the largest machine shops in this part of the State. The company guarantees to employ fifty men at the start and fully expects to increase its capacity as time warrants it. The firm is reputed to be thoroughly reliable and is all that it claims to be. Other cities

are after it, but on account of the splendid shipping facilities here the firm prefers Rushville and will certainly come here if the citizens meet its proposition, which, in itself is not a hard one. In fact other cities have jumped at the chance to get the factory and the offers made to the company have been somewhat flattering. Let all members of the Improvement Association and as many citizens as possible turn out at tonight's meeting.

RACE RIOT IN LARKIN SALOON

**Two Negroes Were Before
Mayor Cowing
Today**

As the result of a row and race riot in the Larkin saloon on First street about 4:30 Saturday evening, two negroes, Sam Franklin and Thomas Currans, were tried before Mayor Cowing this morning and heavily fined. Franklin was fined \$25 and costs for carrying concealed weapons, and Currans, who is better known as "Keno," was fined \$1 and costs. Franklin went to jail and Currans' fine was stayed by Allen Daniels.

The trouble in the saloon attracted a large crowd. It is said to have started over a game of pool being played by Currans and Jesse Sorrell. Sorrell is said to have accused Currans of stealing one of the pool balls. Currans denied the charge and according to the stories of the bystanders, called Sorrell a vile name. The two men closed, and then Sam Franklin and Adam Owens, another negro, sided with Currans and flourished revolvers. Other white men are said to have mixed in and then John Larkin, the proprietor, undertook to expel the men from his saloon.

When Marshal Price arrived the fight was about over. Franklin saw the marshal and ran out the front door and down the alley with Price in pursuit. Near Caldwell's livery stable he threw a revolver away. The gun was picked up by Dallas Macy, employed at the barn and given to the marshal after the latter had overtaken Franklin and arrested him. Franklin was taken to jail. Currans was arrested this morning.

The police have warrants for Sorrell and Owens, but have not yet been able to find them.

WITNESS IN THE WILLIAMS CASE

**Elmer Pea, One of First to Reach
Scene of Indianapolis
Murder**

Elmer Pea, son of Policeman William Pea, of the local force, who recently moved to Indianapolis, has been summoned as a witness in the case of the negro Williams, who is charged with the murder of Patrolman Pettit, one of the Indianapolis policemen killed in the recent double murder there. Mr. Pea resides but a short distance from the scene of the shooting, and was the fourth man to reach the side of the dying policeman.

FOR THE WARDS OF THE STATE

**Conference of Charities and
Correction Held in
Their Behalf**

**Number of the State's Wards and
How They are Appointed
to Institutions**

Muncie, Ind., Oct. 8.—The fifteenth annual state conference of charities and correction opened here today under the most auspicious circumstances.

It is expected that 1,200 people will attend the convention. In speaking of the convention President Whittaker said: "I look for this conference to be one of the best that has been held."

The opening session of the conference was held in the parlors of the Commercial club and was more in the nature of a reception than a formal session. The address of welcome was made by Mayor L. A. Guthrie and response was offered by William H. Whittaker, general superintendent of the Jeffersonville reformatory and president of the conference. Special services were held at all of the city churches Sunday morning, delegates to the convention having been assigned to the various pulpits as speakers. This afternoon Governor Hanly delivered an address at the opera house.

The State's Wards.

The importance of this conference is seen when the number of wards of the state are noted. These are apportioned as follows: 940 inmates in the state prison; 140 inmates from the state prison on parole and reporting; 1,100 inmates in the Indiana reformatory; 240 inmates from the Indiana reformatory on parole and reporting; 550 incorrigible boys at Plainfield; 889 boys from Plainfield on parole; 889 criminals in the workhouses and jails of the state; 1,040 inmates in the school for feeble-minded youth at Ft. Wayne; 935 inmates in the hospital for insane at Logansport; 2,180 inmates in the hospital for insane at Indianapolis; 692 inmates in the hospital for insane at Evansville; 760 inmates in the hospital for insane at Richmond; 530 inmates in the soldiers' and sailors' orphans' home at Knightstown; 990 inmates in the soldiers' home at Lafayette; 325 scholars in the school for deaf; 160 scholars in the school for blind; 22,789 children put in school under operation of the compulsory education law; 3,115 inmates in poor asylums of the state; 1,699 inmates in orphans' homes; 800 inmates in private orphans' homes; 45,331 people cared for by township trustees for the year ending October, 1906, making a grand total of 86,300 dependents and delinquents that are at this time being cared for by people of this state.

AFTER THE "MAN WITH THE GUN"

**Police Will Stop Practice of
Carrying Concealed
Weapons**

As the result of the trouble in the Larkin saloon, Saturday evening, in which two of the combatants flourished revolvers, Mayor Cowing issued an order to the police this morning authorizing them to search for "The man with the gun," confiscate his artillery and bring him into court. Whenever the police find a man whom they suspicion as carrying a weapon, they will hereafter make it a point to search him. Mayor Cowing is determined to stop the practice of carrying weapons among a certain class of citizens, and the step that he took this morning is the first toward that end.

CHURCH NEWS

The Young Ladies Mission Circle of the Christian church will meet Friday night instead of Tuesday with Miss Gertrude Conover, on East Tenth street.

The Presbyterian Brotherhood will meet this evening at 7:30.

The Ladies Aid Society of the M. E. church will be entertained tomorrow afternoon at 2 p. m., by Mrs. J. E. Watson and Mrs. Anna Cox, at the home of Mrs. Cox, on North Morgan street.

Mrs. Albert Miller has resigned as organist at St. Paul's M. E. church. The organ was played by Miss Martha Hogsett, Sunday.

ABOLISH SOLOS

**A Muncie Church Has Gone
Back to Old Way of
Worshipping**

A Muncie church has decided to abolish the solo, duet, the trio and the quartet from church services. The members of the Jackson street Christian church, one of the largest churches in that city, have gone back to simple methods of worship. The solo has been abolished from the choir as such, and old-fashioned congregational singing will replace all other music save that of the organ. A quartet has done most of the singing for the church recently, and while this music was appreciated, an agitation to go back to the old forms, or lack of forms, was started among the members of the congregation.

So the choir box is empty, except for the "singing-master," E. P. Wiles, who from this time forward will wave his baton for the benefit of the congregation only. The older members of the church, especially, express themselves as being delighted with the new—rather old—order of things. The pastor, the Rev. J. H. Allen, is in accord with this sentiment.

THINKS THAT HE WAS ROBBED

**Albert Bright May Have Been
Doped Saturday
Night**

Albert Bright, living on North Oliver street, is loser to the extent of \$15. Saturday evening he had \$15 on his person. He became intoxicated and wandered away. He was not found until Sunday evening, near the I. & C. power house. He acted strangely and could not explain where he had been or how he came to lose his money. He thinks, however, that he was robbed by a companion, who was with him Saturday night. He was taken before Mayor Cowing this afternoon fined and floated.

BUYS AUGUR MEAT MARKET

**Edwin Darnell Will Take Pos-
session Monday—Mr.
Augur to Leave**

Edwin Darnell, who recently disposed of his bakery on Second street to W. S. King, of Greenfield, purchased A. G. Augur's meat market, corner Morgan and Second streets, and will take possession next Monday morning. He will provide for a fish, oyster and dressed poultry trade in connection with the meat market. Mr. Augur, who has been in business in Rushville for many years, will locate in Seattle, Washington.

An Arkansas Lynching.
Argenta, Ark., Oct. 8.—As a sequel to the killing of John Lindsay and the wounding of his son, Policeman Milton Lindsay, here Saturday night, presumably by two negroes, H. Blackburn, a negro, was taken from jail and lynched last night at the corner of Sixth and Main streets.

To Try Standard.
Findlay, O., Oct. 8.—The hearing in the case of the Standard Oil company, charged with violation of the Valentine anti-trust law, will be begun in the probate court here tomorrow. This is the proceeding in which John D. Rockefeller has been summoned to appear.

BUZZING ON THE WIRES

**Single Phase System of Elec-
tric Traction Plays Hav-
oc With Telegraph**

**Only Remedy is Adoption of
the Metallic Circuit
System**

The single-phase system of electric power, the kind in use on the I. & C. traction line is causing havoc with the service on telegraph and telephone lines wherever the trolley line wires parallel. The single-phase system, by induction, creates a terrific buzzing on the telegraph wires, which, in the case of the latter, makes conversation impossible.

For all ordinary service, the Western Union lines have been little affected, though what is called the "ticker" service has been badly crippled. On the Central Union telephone lines conversation has been impossible, and the company has been compelled to move the lines out of the area of induction, a ruling having been put out by the engineering department, that telephone service wires shall be not less than 75 feet from the trolley wires of the single-phase system.

Electricians explain the trouble by saying it is caused by the high voltage on the trolley wires. On damp or rainy days there is more induction of this sort than in dry weather. The trolley wire on the single-phase system line carries 3,300 volts pressure. The telegraph lines carry from 75 to 350. The telegraph company utilizes one wire for the sending of two messages by the varying magnetism of the sounders. Such a wire is called a duplex, and carries a voltage of about 150. When a single wire is arranged to carry four messages, it is called quadruplex, and the voltage is increased to 250.

The telephone lines carry a current of no pressure at all, except when ringing, when the voltage is 75. Because of the greater differences between the trolley lines and the telephone lines, the telephone lines are much more sensitive to induction than the duplex and quadruplex wires of the telegraph company. The same trouble has existed to a certain extent with the direct current trolley systems, but not in the same large degree. The voltage carried on the direct current trolley never exceeds 550, so there is not the same magnetic attraction. The success of the single-phase trolley system using alternating currents, has been so marked that it predicted as only a matter of time until all electric lines will be altered to use the single-phase system.

The steam line and trolley line right-of-way often parallel each other, and as the Western Union and telephone wires are generally strung on the same poles, the conditions which the telegraph and telephone companies must face when the electric lines are changed to single-phase system is a matter for serious debate.

The only remedies for telegraph companies is the adoption of the metallic circuit system, or the moving of the lines from the area of induction, either of these remedies involves much expense, and some other way of overcoming the trouble is sought by electrical engineers.

SCHOOL NOTES.

The football schedule has been completed.

Miss Olive Traylor was not able to enter upon her duties as English teacher this morning. Prof. Martin is still substituting in her place.

There was assembly this morning and the rules of the school were impressed and rehearsed.

There will be exemptions as usual this year.

Today was the last day that pupils could enter high school this term.

There is talk of starting the Budget in the near future.

A tree that is a freak of nature is the Asiatic star tree. It grows from sixty to eighty feet tall, and for a height of about forty feet the trunk is wholly bare. From that point there spring a number of tangled limbs, which shoot out clusters of long pointed leaves, and these, grouped together, emit at night a phosphorescent light.

RUSHVILLE, IND., OCT. 8, 1906.

THE LEGISLATURE SAFE

Governor Hanly Will Have Both Houses to Follow His Reforms.

Indianapolis, Ind., October 8.—The Indiana state senate next winter will be overwhelmingly Republican unless there should be a Democratic landslide, and even then the Republicans would have a slight majority. Of the holdovers, twenty-one of the twenty-five are Republicans. There are twenty-five senatorial districts which hold elections this year. The last legislature reapportioned the state for legislative purposes, and it is not difficult to figure out on paper how the Republicans ought to carry at least seventeen of them, which would give them a membership of thirty-eight out of a total of fifty. This will mean not only an unwieldy Republican majority, but also that the Republicans can muster more than a two-thirds vote on any matter that has been made a party measure. The Republican leaders are willing to admit that they won't elect as many members of the house as they had two years ago, when they had seventy-nine of the hundred. They say, however, that they don't want as many, as a one-sided house is difficult to manage. No one seems to be able to figure with any degree of accuracy how the house will stand, but it is generally believed that the Democrats will make substantial gains and that at a conservative estimate they will have nearly twice as many members as they had in 1905. The way the state is now apportioned it would be possible for the Democrats to elect their state ticket and lose both branches of the legislature by a very considerable margin.

An unusual feature of the management of the state campaign is that the chairmen of the speakers' bureaus are from the same district. Will S. Hayes, who is making the assignments of speakers for the Republicans, resides at Sullivan and has been active in Second district politics as Gilbert Hendren, chairman of the Democratic bureau. Both men are heart and soul for their own congressional candidate and each is bent on getting all he can out of the speakers' bureau for his own district. It is understood that as soon as Mr. Hendren learned that Bryan was coming to Indiana he began planning his itinerary for the Second district before he took up any requests from other parts of the state. The result will be that Bryan will make five or six stops in the Second, which is about twice as many as any other district will get. Whenever the matter is mentioned to Mr. Hendren he doesn't admit that there is the slightest chance of discriminating against any other district. He is just looking after his own first. Mr. Hayes thinks of Congressman Chaney and his hard fight in the Second as soon as he gets word that another "big gun" is to take the stump in Indiana. He is already figuring in his own mind how to route the "all stars" special so that he will get as many speeches out of it for the Second as Mr. Hendren will get from Bryan.

Local Republicans are a little worried over the negroes. The latter are holding back and are showing no enthusiasm whatever in the campaign. It is said their leaders are disgruntled over the treatment they have received from the present city administration, which has not been long on handling them good positions. During the last municipal campaign the negroes were led to believe that they would get the best "plum-tree" afforded, but very few of them were rewarded and now they are sore. The chances are that hundreds of them will refuse to go to the polls at all unless the Republicans succeed in raising a larger campaign fund than they now have. This may cause a very considerable falling off in the Republican vote.

Ate Poisonous Fungi.

OUR FLAG IS THERE

United States Troops Now Formally Quartered In Cuba.

SETTLED UNDER CANVAS

The Fifth United States Infantry Was the First to Get Settled Down at Camp Columbia.

Some Friction Is Being Encountered In Disarming Insurgents in Certain Sections.

Havana, Oct. 8.—The first landing of American soldiers in the present occupation of Cuba was accomplished Sunday with marvelous promptness, and today the Fifth United States Infantry is settled under canvas in Camp Columbia. General Funston has established his headquarters at Marianao, convenient to his command. Colonel Waller, commanding the marines, has been ordered to report to General Funston, and the entire force of regulars and marines are under Funston's command until the arrival here tomorrow of General Bell, who will direct the distribution of the forces throughout the island.

The disarming of former insurgents progresses better. Reports from members of the disarmament commission in various provinces indicate that the trouble which was threatened may be avoided, although ex-rebels and volunteers in a few towns in Santa Clara province are still disinclined to be the first to disarm, and it is feared that American soldiers will have to be sent to back up the demands of the disarmament commission. Havana, Santiago, Pinar del Rio, Matanzas and Puerto Principe provinces are practically clear of rebels and show no signs of trouble.

Governor Taft, Assistant Secretary of State Bacon and General Funston are gratified at the situation and believe that the difficulties in Santa Clara province will be overcome in a few days. So confident are they that Governor Taft and Mr. Bacon say they believe they will be able to start for home next Saturday. Governor Taft will spend the time after Tuesday in familiarizing his successor, Charles E. Magoon, with the situation. Mr. Magoon is expected here on that day. It is believed that after the arrival in Havana of the wives of Governor Taft and Mr. Bacon, the provisional governor, will give a public reception at the palace to introduce Mr. Magoon to the people. The Moderates and ex-rebels in Pinar del Rio are preparing a love-feast. Señor Caines, a wealthy independent, is to give a dinner to the leaders of the two forces recently at war.

General Pino Guerra, who arrived in Santa Clara City Saturday night to disperse his men, was met by Governor Sobrado, a Moderate, and together the two men drove through the city. They are working in harmony in inducing the ex-insurgents to return to their homes. The rebels on the north coast, however, are reported still to be rather active. Havana province is fully pacified, with the exception of two commands of about 100 men each under two brothers of General Del Castillo, who are encamped near Guadalupe. These men, however, will be disarmed today. The Matanzas insurgents who had been operating in eastern Havana and who were disbanded Saturday, are today reported to have all reached their homes.

Commander Culver of the cruiser Des Moines, which is stationed at Santiago, reported that both the volunteers and ex-rebels at Baños and Manzanillo have been disbanded and that as far as he knew the entire province was quiet. Governor Taft, however, learned of slight trouble at Guantanamo occasioned by the demands of Liberals that the mayor of that place be removed. This Governor Taft declined emphatically, declaring that he would not set a precedent which might compel him to consider similar demands from all parts of the island. General Releto of the disarmament commission, telegraphed Sunday from Camaguey that he believed all the rebels there would be disarmed by evening.

Dispatches received from Sancti Spiritus, where the Santa Clara commission is working, indicate that the ex-rebels in that province are not yet entirely reconciled to disarmament, and General Machado has reported that volunteers fired on a rebel camp, causing the serious drawback to the operations. The disarming at Sancti Spiritus is proceeding, but the usual difficulty is encountered in the ex-rebels seeking to evade surrendering their guns while the volunteers still carry theirs. The situation there is especially irritating, as groups of volunteers with guns march up and down the streets and taunt the dispersed and disarmed rebels. In a fight Sunday an ex-rebel killed a comrade and fled to the mountains. The people of Sancti Spiritus are greatly dissatisfied with the mayor and police and have petitioned for their immediate removal.

The Republican office is the best equipped country printing office in the State and can compete with the large cities in both quality of work and price

tions were passed to the effect that the purpose of the association should be the promoting by "all legitimate means" the establishment and maintenance of a permanent, stable and lawful government, competent to administer justice, insure domestic tranquility, promote the general welfare and assure the blessings of liberty to all the inhabitants of the island." It was declared that the league intended to adopt whatever means to this end were deemed wisest by a majority of the membership, which is intended to be representative of all nationalities and all sections and not to be committed to any line of action until it is decided what is most conducive to the objects named. While there was no expression to that effect, the movement generally is regarded as pointing eventually toward some more definite degree of American control or oversight in Cuban affairs than is vouchsafed by the Platt amendment.

CAN'T KEEP HIM DOWN

Dowie Dreams Out a Plan for Another Gigantic "Touch."

Chicago, Oct. 8.—John Alexander Dowie's plan for a Mexican colony was abandoned in obedience to a command received by Dowie in a vision that came to him last Friday night and lasted five hours, according to an announcement made Sunday by Deacon Arrington, one of Dowie's followers, who has remained loyal to the deposed prophet.

The scheme, Deacon Arrington said, was relinquished in favor of another that contemplates the raising of \$1,000,000 in Chicago for the purpose of restoring Dowie's power and prestige. The announcement was made in a small church in Chicago.

All preparation for Dowie's departure for Mexico had been completed, said the deacon, when in a vision, accompanied by a blinding white light, the glory of which could not be described, the first apostle declares he heard a voice which commanded him, he said, to give up the Mexican project and seek the glory of Zion elsewhere. Dowie then commissioned Deacon Arrington to come to Chicago and raise \$1,000,000 for a second Zion.

PREMATURE ANNOUNCEMENT

Word of Royal Betrothal Was Given Out Too Soon.

St. Petersburg, Oct. 8.—A formal denial has been issued here of the reported betrothal of Grand Duke Michael, brother of the emperor of Russia, and Princess Patricia of Connaught, niece of King Edward. An unwitting error was committed by announcing through semi-official news agencies in Europe of what was accepted as fact in court and diplomatic circles here. It now appears that the discussion of this alliance, which is bound up with far-reaching political consequences, has not reached the stage of an actual betrothal. The intimation that such a marriage was contemplated erroneously developed in court circles into a premature announcement of the betrothal as an accomplished fact.

Dr. Brouwer's Trial Begins.

Tom's River, N. J., Oct. 8.—A trial which promises to arouse more than usual interest began here today when Dr. Frank Brouwer was put on trial charged with the murder of his wife. It is alleged that Brouwer caused his wife's death by giving her ground glass and arsenic while ostensibly treating her for a sudden and severe illness.

Result of Old Feud.

Williamsport, Ind., Oct. 8.—Joe Briggs, a prominent and well-to-do citizen of this city, was stabbed in the neck with a knife by Sam Hunter. The wound is serious and may prove fatal. The trouble between the two men is of long standing.

THE SEASON CLOSED

Baseball Fans Will Now Retire to Winter Quarters.

Chicago, Oct. 8.—The baseball season of both major leagues ended Sunday. For the first time since the two big leagues have been organized both championships have come to one city. The Chicago National League team won first honors in that organization easily. Taking the lead early in June and holding it to the end, it established a new major league record for number of games won. Of the 153 games played by the team 116 were victories, the previous best record in this respect having been held by the New York club in the same league. In the American League the Chicago team upset all calculations by winning the pennant. The contest was not decided until last week, the New York team being within striking distance of the leaders until Oct. 3, when a six-inning defeat at Philadelphia put them out of the running. Tomorrow the world's championship series will be begun between the two Chicago clubs.

COURTMARTIAL RECORD

More Than Four Thousand Soldiers Hauled Up in a Year.

Washington, Oct. 8.—During the last fiscal year, according to the annual report of General George B. Davis, judge advocate general of the army, 4,596 trials by general court-martial were held. Fifty of these trials were of commissioned officers, forty-two of whom were convicted and eight acquitted. Fourteen officers were dismissed by sentence. In four cases the sentences were commuted to loss of rank; in two cases resignations "for the good of the service" were accepted in lieu of confirming the sentences and in one case the sentence was disapproved.

About 50 per cent of the enlisted men convicted by general court-martial received sentences involving dishonorable discharge. The trials by general court-martial during the year showed a decrease of 204 as compared with the previous year.

Baker Refuses to Return.

Hamilton, Ont., Oct. 8.—Sheriff Souther of Indianapolis, Ind., is in this city trying to persuade O. A. (Cigarette) Baker, known here as John L. Crawford, to return to Indiana, where he is wanted for an alleged attempt to bribe representatives during the legislative session of 1905. Baker refuses to return and the officer is helpless, as an attempt to bribe, as charged against Baker, is not an extraditable offense.

Minneapolis Domestic Tragedy.

Minneapolis, Minn., Oct. 8.—William A. Dowell, a prominent local newspaper man, was shot and killed Sunday afternoon by John Quirk because of attentions to the latter's stepdaughter, Miss Bessie Squires. The shooting occurred at the Quirk residence just as Dowell and the young woman were entering the house. Quirk calmly awaited the arrival of the officers and was taken into custody.

Old Feudists Clash.

Mayking, Ky., Oct. 8.—The Hall-Martin factions have clashed again, but only meager details have been received here. As stated, they met at a blind tiger resort on Beaver creek. Upward of sixty shots were fired at close range, and it is remarkable that when the smoke cleared up only one man, John Hall, jr., of the Hall forces, was dead. One other man on the Hall side was wounded slightly.

Charged With Hotel Robbery.

New York, Oct. 8.—Frank F. Fanning, a carpenter employed at the Hotel Ansonia, and Kate Gallagher have been arrested charged with a series of thefts about the hotel which are said to amount to \$20,000.

IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Trouble.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all the ills which are caused by weak or disordered kidneys.

Thomas Kennedy, of 216 Meridian street, Shelbyville, Ind., employed in the furniture factory, says: "Three or four years ago I began having rheumatic pains in my hips. It would wear off at times, but any slight cold brought it on again. I commenced to have lameness in the small of my back, a bad feeling in the top of my head, and kidney secretions became unnatural and irregular. I procured Doan's Kidney Pills at a drug store, and they banished the trouble. I have mentioned. I can confidently recommend Doan's Kidney Pills to others suffering from backache or other kidney complaint.

For sale by all dealers. Price 50 cents. Foster-Milburn-Co., Buffalo, New York, sole agent for the United States.

Remember the name—Doan's—and take no other.

Rev. C. O. Whitely was at home from Earlham to fill his appointments at the Friends church, Sunday.

The Women's Literary Circle opens today for the year's work. Mrs. Lizzie B. Stone is hostess. "Russia" is the subject to be studied this year. The initial program reads: Responses, "What do you think of the program?" "Geography of Russia and Its Dependencies," Mrs. Lizzie B. Stone; "Ethnology, Traits, Origin and Civilization, Native Races," Mrs. Lizzie P. Hill. Entertainment by the program committee.

Mrs. Lewis (Stanley is visiting friends in Indianapolis).

Rev. J. T. Scull, who was returned to the charge here, began his fourth year's service as pastor of Fletcher M. E. church, Sunday.

A large number of members of the Little Blue Wesleyan church attended the Quarterly meeting services here Saturday and Sunday. Thomas T. Newby has sold about one hundred bushels of his finest apples to Shackelford and Masters, of Anderson, who will ship the fruit and place it in cold storage. Mr. Newby's apples and other fruit were awarded medals at Paris in 1900 and at St. Louis in 1904, and are widely celebrated. He has many varieties and many grafted fruits. As many as a dozen grafts appear on some trees. Some of the varieties were imported and grafted. Mr. Newby's family and home are most interesting. In speaking of the fruit being shipped from here, he said that it is not improbable that part of the consignments may be bought by local grocers in the city markets in the late winter or spring and be returned to Carthage at a greatly advanced price. He suggested that the erection of a cold storage plant here would be a great convenience and economy to fruit growers and merchants. Clyde C. Henley sold forty bushels of choice apples to the Anderson firm.

DO NOT BE A BURDEN

F. B. Johnson & Co Give Some Good Advice to Readers of the Republican.

A weak stomach and its resulting ills are not natural. With proper care and the use of Mi-o-na stomach tablets, the very worst case of indigestion or stomach trouble can be completely cured.

It is a sin to deprive oneself of enjoyment in life and become a burden to others through indigestion.

The backaches, headaches, distress after eating, loss of appetite, gulping up of undigested food and gases are not natural. Mi-o-na stomach tablets used for a few days before meals will so strengthen the digestive organs that you can eat anything you want without fear of distress or resulting sickness.

The directions for taking Mi-o-na emphasize the difference between this remedy and the ordinary medicine that is given for indigestion. Mi-o-na is to be used before meals strengthening the digestion system for the food which is to be eaten, while the ordinary remedy is taken after meals, and simply digests the food without strengthening the stomach.

F. B. Johnson & Co. have so much faith in the merit of Mi-o-na that they sell it under a guarantee to refund the money in case it does not cure. A 50-cent box of Mi-o-na will do more real good than a dozen packages of the ordinary remedies sold for indigestion. Then too, it costs nothing unless it cures.

The lawyers of Connersville favor separating Rush and Shelby counties into two judicial districts and then annexing Rush county to Fayette county, and joining Union and Franklin counties to Dearborn. The Connersville News complains that cases in the Fayette circuit court cling to the docket for a long time, yet they are never tried. The News says that Judge Gray was in the court room but seven hours last week.

Gertie Breslau Hunt, a Socialistic propagandist, lectured on the public square last Saturday night. Mrs. Hunt is a fluent talker and her theme was, "Ten Objections to Socialism Answered." This she did well, having "worked at it" for a number of years. But besides these ten questions there are others that she can not answer. Socialism is a beautiful, but impractical dream. Mrs. Hunt left this afternoon for Columbus, Ind., where she speaks tonight. She is heading toward the Pacific coast.
